### HEADLINE

Over the past *[weeks, months]* we've been talking about *[topics]* which hopefully has set your mind a buzz with *[new ideas, inspiration, etc.]*. In keeping with the theme, I recently had the opportunity to interview *[guest name]* about *[topic you discussed]*.

*[Guest name]* is a *[bestselling author, parent advocate, fitness guru, industry leader, etc.]*. His/Her teachings focus on *[whatever angle they focus on the topic – positive parenting, low carb living, email marketing, etc.]* and he/she has some great strategies for that.

For *[guest name]* it's all about *[learning to set boundaries, building relationships with your readers, making small changes to your diet for long-term results]*. If that sounds like something you want to learn more about, you definitely want to hear what he/she has to say.

In this episode, you'll hear *[guest first name]'s* most recommended tips. I've taken your questions and picked *his/her* brain to get the answers you were seeking but he/she supplied much more than simple answers to those questions. *He/She* also shared insights from personal experiences so that you can see how the tips can be applied.

*[topic]* is an ongoing process for everyone – myself included! But it doesn't have to be hard if you follow the advice of leaders in the industry. Check out the *[audio/video]* below to get started and thanks for listening!
